GOODBYE BUT

MY
GRANDPA
SAYS
HE WON'T BE
COMING HOME
TODAY

MYST
SHOULD
BE DO
FOR
GRANDPA

Since we
were kids,
we've always
been together...

but by our
second year of
high school, I
could no longer
stand that
kind of
relationship

HOME!

Knowing
that...

I see

Summer

I could only
push him
away

HOME!

I'm home!

Aki!

Everyone that calls you a friend.

The reason Senoake doesn't often come home...

Click

Sound of a click

Is probably my fault.

But I don't know!

Wow!

No! I would come home and it's like that was!

It's because everyone is all about him!

The past few years, Senoake has become a complete playboy.

BACH

THE JAPANESE
DOOR

SHINJI

I've liked
Senzoku since
elementary
school

SHINJI

At that point,
Grandpa, who
likes taking
care of people,
interrupted for
some reason.

In middle school,
Senzoku's
parents got
divorced,
and they
disagreed on
who should
take him.

Senzoku, whose
parents were
never home,

often came to
visit the house
where Grandpa
and I lived by
accident.

"You were
that good
at math?"

SHINJI

We've lived
together ever
since.

After he
irrationally
said that, we
took him in.

Let
you be
happy.

SHINJI

Then one day...

But...

It's my fault
for pushing him
away.

THUD

THUD

THUD

A woman.

How many
does he have?

Push

From what
she's saying
later.

Sasaki-kun!

It feels like
I was just
pushed off
a cliff.

I brought
the book you
mentioned
last time!

I already know,
let...

I'm still
here.

IT'S FINE IF
YOU JUST GO TO
SOME OTHER
PLACE, FOR I SEE

I DON'T
SEE YOU

EVEN THOUGH
YOU NEVER
COME HOME

YOU KNOW
DON'T LIFE ARE
LIGHT

I SEE

AM

THEN I
WON'T GO
HOME AGAIN

SHINY

Even though
I've always
loved you...

Even though
I've always
waited...

aw!

PUNCH

Now he says
he won't come
home?

WELL...

SHOCKED

It's a pretty
job, so I can't
even leave
but the
money's good

Ah,
but I'm a
burden, so I'm not
one of the
guys.

Ah, I work
part-time
there~

LET'S GO
HOME

IT'S THE
MOMENT

I'm really
happy,
but...

This kind
of thing...

NO I, THE ONE
ACQUAINTED WITH
KNOWLEDGE, CAN'T
FORGIVE YOU...

WELL, FEARON

Afterword

Thank you so much
for picking up this
book!

Nathan

What is
better to
give your
first work or
your second?

...a book I
think, thinking
problems for
my story

Although, maybe
first, maybe second
I wanted later on
them, or if you suggest
them with a little
is what I thought

Because
the
first
work
was
my
first
work

I realized that
that time I did
all about stories,
including the
main story.
I love it

My first work of course

The Millennium Kyon
Hello to both my
new readers and
existing supporters

I'm grateful to
have published my
second comic

...at last
it came
to this
(finally)

Even if I
the most of
them, there's
no way I can
make them
What could
I make??

roar

I was reading
the references
for comedy, and it
seems I got that
right this time,
hah

It's the first
I've just made
about what I
say, and you're
understanding

I'm not
listening to
him

You said
it was
nothing!

That is a very
discrete way to
leave the things
I wanted to
wear but
couldn't

Example

Green Pants → After
considering options → selected
green shorts + uniform

That kind
of thing

I really like
drawing dresses,
so every time I'll
draw whatever
clothes I want to
wear, please

First, military
uniform. The top
of it is really nice.
By the way, the
left one is a great
management skill
(for every day
students)

Oh, I think
the left one
means they're
wearing one side

After,
I'll draw your
uniform with
one side of
the uniform

After this
program

With Darius,
you can see
the future and
the past, and
you can
going to

Referring

Oh, Daigou!
I missed up
100 yen just
now.

The garden
Mitsuru's
daydreaming, it
isn't my point.

Yeah, yeah,
but damn,
let's go to
the library
right?

And a
man in a suit

Well, that
I'll have the
data about
customer
data.

Good, I look up
with a lot of
data.

Meow

One more
page.

I see clothes, but
focusing about them
is embarrassing, so I
usually love them
more outdoors. I
think it appropriate.

Home

It felt like a lot of feeling
all around. My
friends took a
part together
in university for
me! Thank!

"Graduation" + commemorative text

It was fun, meeting
a beautiful,
strong, good girl. I
was a little in love,
spoke from graduation
ceremony, but I went
home by the time
it's passed, summer will
was already started

"Green Peace" + commemorative text

I drew a lot of
memories, so it
was fun. The story
trapped in a way
I don't know it
with my mind
from my heart

Lastly, I'll
tell a little
about my
work.
(After all that...)

Thank you
for reading!

Then,
I pray we
meet again.

I will work
hard to make
better world
from now on.

I changed
Vampire's name
a little in the
commemorative
book, but I
like the first
type better

This manga's
special thanks.

• My Grandpa
thanked me on

AND

- My best

Sorry for always
saying thank
Thank you!

(I intend
to be
appreciated
I mean by
a letter.)
